

**Titebond®**

THE PRO'S ADVANTAGE™

# Fast Grab FRP Adhesive

## Easy Application Tool Maximizes Coverage

Ideal for bonding FRP panels to drywall, non-treated plywood, concrete, concrete backerboard and most other common porous building materials.

### Performance

- Quick grab for minimal bracing
- 28 oz. cartridge with first-of-its-kind, easy applicator
- Bonds most porous surfaces

### Application

- Attachable v-notch trowel designed to maximize coverage and ensure precise execution
- Dispense & trowel adhesive simultaneously
- Trowel consists of guides on the back to hold applicator in correct position and pins to manipulate adhesive flow so coverage is even
- One cartridge yields approximately 11 sq. ft. – perfect size for smaller jobs
