

Titebond 720

Contract Grade Multi-Purpose Adhesive Warranty

Franklin International will honor the applicable terms of any resilient floor manufacturer's current published adhesive warranty or subfloor moisture warranty (where applicable) when the flooring was installed using Titebond 720 Contract Grade Multi-Purpose Adhesive in accordance with product instructions and the instructions of the resilient floor manufacturer.*

Franklin International will also warrant Titebond 720 to be free from defects in materials and workmanship for a period of one year from the date of manufacture, if the product has been installed in accordance with the Franklin Specification Guide and the installation instructions furnished with the product. In the event of loss of adhesion of Titebond 720 due to product defect, Franklin International will reimburse the customer for the cost of labor and materials necessary to repair or replace the affected area(s) of the installed resilient flooring.

* Any and all addendums or changes to the vinyl floor manufacturer's warranties will be reflected in the execution of Franklin International's warranty immediately upon release by the vinyl floor manufacturer. The effective date of said changes and addendums will dictate coverage by Franklin International in relations to the date of installation.

As Franklin International is honoring the applicable terms of all vinyl floor manufactures' current published warranties, Franklin International will also require the same jobsite preparations and installation instructions that accompany each warranty in question.
